Neutrino Tech Systems

MuleSoft Developer

Description
Job Description: Senior Mulesoft Developer (6-7 Years Experience)

Position: Senior Mulesoft Developer
Experience: 5-7 Years

Job Summary:

We are looking for a highly skilled **Senior Mulesoft Developer** with 6-7 years of experience in **Mule Integration, Anypoint Platform, and Mule Migration**. The ideal candidate should have expertise in **SFTP, SQS Queue, Salesforce, SQL, AWS S3, Azure, JSON, and CSV** with strong database and API development skills.

Responsibilities
Key Responsibilities:

- Design, develop, and maintain integrations using **Mulesoft Anypoint Platform**.
- Perform **Mule Migration** from older versions to newer versions or cloud-based solutions.
- Work with **SFTP, SQS Queue, and Salesforce** for data integration and processing.
- Develop and optimize APIs, including **RESTful APIs, SOAP, and Database Integrations**.
- Implement and maintain **MuleSoft flows, connectors, and API-led connectivity**.
- Integrate **SQL databases, AWS S3, and Azure** for seamless data transfer and storage.
- Work with **JSON and CSV** formats for data transformation and exchange.
- Troubleshoot and optimize existing Mulesoft applications for performance and scalability.
- Collaborate with cross-functional teams to ensure seamless integration with enterprise applications.
- Ensure compliance with best practices, security standards, and integration guidelines.

Qualifications
Required Skills & Qualifications:

- 6-7 years of hands-on experience in **Mulesoft Development**.
- Strong knowledge of **Mulesoft Anypoint Platform, API Gateway, and Runtime Manager**.
- Expertise in **Mule Migration** and upgrading Mulesoft applications.
- Experience with **SFTP, SQS Queue, Salesforce integration, and Database connectivity (SQL, NoSQL)**.
- Proficiency in **AWS S3, Azure Cloud Services** for cloud-based integration.
- Strong experience with **JSON, CSV, XML, and other data formats**.
- Hands-on experience with **error handling, logging, and performance optimization** in Mulesoft.
