Technical Content Writer

Description

Position: Senior Content Writer

Experience: 7-8 years

Location: Pune – WFO

About the Role:

We are looking for a highly skilled and self-driven Senior Technical Writer to join our Marketing team. In this role, you will be responsible for creating high-quality, engaging, and accurate technical content that supports our products and services. This includes technical documentation, product manuals, blogs, whitepapers, and marketing collaterals aimed at both technical and non-technical audiences.

Responsibilities

Key Responsibilities:

Mandatory: IT Services+B2B Experience & Excellent Communication Skill

- Develop and maintain comprehensive content including blogs, whitepapers, case studies, eBooks, newsletters, social media posts, and other marketing/sales material.
- Create, update, and edit technical documents such as user guides, product manuals, quick start guides, FAQs, and product specifications.
- Collaborate with product, engineering, and technical teams to gather detailed insights into features, functionality, and user requirements.
- Ensure content accuracy, consistency, and clarity across all deliverables.
- Translate complex technical information into clear, easy-to-understand content tailored to the target audience.
- Continuously review and improve content to meet evolving user needs and industry standards.

Qualifications

Requirements:

- Bachelor's degree in English, Computer Science, Technology, or a related field.
- 7-8 years of proven experience in technical writing, preferably in SaaS or IT services domains.
- Exceptional writing, editing, and proofreading skills.
- Strong ability to grasp technical concepts and communicate them effectively in simple terms.
- Proficiency in technical writing tools and content management systems.
- Excellent collaboration and communication skills to work across cross-functional teams.

Why Join Us?

We offer a dynamic and inclusive work environment, opportunities for professional growth, and a competitive compensation package. If you're passionate about simplifying complex technology through impactful content, we'd love to hear from you.
